

# TOWN HALL

## HUMAN TRAFFICKING & OUR COMMUNITY

**NOVI CIVIC CENTER  
THURSDAY, APRIL 11  
6:30-8:30**

Human trafficking affects people right here in Oakland County. It is the second largest criminal enterprise, eclipsed only by drugs, according to state statistics.

This is more than about sex - it's about labor and employment, children and even organs trafficking. Here in Michigan - labor trafficking is more rampant than we would like to believe.

Please join us as we discuss this horrible epidemic with local leaders. Together we can stand up, speak out, and shut down human traffickers in our community.
