

Mayors & Presidents Institute

You've been elected or appointed to serve as mayor or president. Now what?! Serving your municipality as Mayor or President give you a unique set of power and challenges, regardless of your length of time in office. Common goals among chief elected officials are to provide exceptional service, increase your effectiveness and understanding of the municipality, and ensure best practice municipal management. Some of the tools you need to achieve these goals include knowledge of key issues and laws; proper resources and information; and a network of fellow officials to offer an encouraging word, a safe space to decompress, or inspiration for your next solution. Whether you are a current mayor, village president, or chief elected/appointed official, this program was designed with your needs in mind. Mayor pro tems and president pro tems are also invited to attend.
