

ARTICLE IX. - ELECTRIC VEHICLES SIGNS

Sec. 30-790. - Electric vehicle parking spaces.

Each building, structure or improved area may provide electric vehicle parking spaces that are specifically designated for the parking and/or charging of electric vehicles.

(Ord. No. C-14-2012, § 1, 12-10-12)

Sec. 30-791. - Signs.

Each electric vehicle parking space shall have a city-approved sign designating the space for the exclusive use of electric vehicles, as defined in City's Zoning Ordinance. The sign shall be mounted on a post or wall facing the approaching driver. The sign shall be located two (2) to eight (8) feet from the face of curb or, if there is no curb, from the edge of pavement. The bottom of the sign shall be placed between six (6) feet, three (3) inches to seven (7) feet above the ground. This may be reduced to a minimum of four (4) feet high for wall-mounted signs and for post-mounted signs that are not in an area with pedestrian traffic. The size and copy on the sign shall be approved by the city's department of public services.

(Ord. No. C-14-2012, § 1, 12-10-12)

Sec. 30-792. - Maintenance of signs and parking spaces.

The owner of each building, structure or improved area that provides electric vehicle parking spaces and signs shall maintain, repair, and/or replace such spaces and signs as may be necessary to provide clear access to and clear identification of such spaces. By means of example and not limitation, the parking spaces shall be kept free of snow, refuse and debris.

(Ord. No. C-14-2012, § 1, 12-10-12)

Sec. 30-793. - Enforcement and penalties.

- (a) Any city police officer or code enforcement officer may issue tickets for violation of this article.
- (b) A person who violates a provision of this article is guilty of a civil infraction. Each day a violation continues shall be deemed to be a separate offense. The penalties provided in section 1-13 of this Code shall apply upon conviction of a violation of this article.

(Ord. No. C-14-2012, § 1, 12-10-12)
