

**Village of Kalkaska
Ordinance No. 2017-009**

TITLE: ORDINANCE AMENDING TITLE XI (BUSINESS REGULATIONS), CHAPTER 120 (MEDICAL MARIHUANA) OF THE KALKASKA CODE OF ORDINANCES

THE VILLAGE OF KALKASKA ORDAINS:

That Title XI, Business Regulations, Chapter 120, Medical Marihuana, of the Kalkaska Code of Ordinances, be amended to read in its entirety as follows:

§ 120.01 Title

This ordinance shall be known and cited as the Village of Kalkaska Medical Marihuana Ordinance.

§120.02 Purpose

The purpose of this ordinance is to regulate and license the conduct of activity pursuant to the Michigan Medical Marihuana Act, Public Act 1 of 2008 as amended, the Medical Marihuana Facilities Licensing Act, Public Act 281 of 2016, and the Marihuana Tracking Act, Public Act 282 of 2016 (the Acts) in order to:

- A) Protect the health, safety, and welfare of the general public:
- B) Establish a set of rules and regulations which are fair and equitable for those interested in establishing medical marihuana related activities or Medical Marihuana Facilities in compliance with the Acts:
- C) Provide reasonable regulation pursuant to the Village's general police power granted to villages by the Michigan Constitution of 1963 and the General Law Village Act, MCL 61.1 *et seq.*

The Village does not intend that registration and regulation under this ordinance be constructed as a finding that such businesses and activities are legal under federal law. Although some specific uses of marihuana are purported to be exempt from prosecution by the Acts, marihuana continues to be classified as a Schedule 1 controlled substance under federal law making it unlawful under federal law to use, manufacture, distribute or dispense marihuana, or to possess it with intent to manufacture, distribute or dispense. By requiring registration and compliance with requirements as provided in this ordinance, the Village intends to protect, to the extent possible, the public health, safety and welfare of the residents of and visitors to the Village, including but not limited to registered Qualifying Patients, from harm that may result from the activities of persons who unilaterally or on the advice of their own attorney determine that they may legally operate a business involved in the possession, use, manufacture, distribution or dispensing or medical marihuana.

Nothing in this ordinance is intended to grant, nor shall it be construed as granting, immunity from criminal prosecution, for use, manufacture, distribution or dispensing of marihuana not in strict compliance with the Acts.

This ordinance permits authorization for certain activities based on the Acts. Nothing in this ordinance shall be construed as allowing persons to engage in conduct that endangers others or causes a public nuisance, or to allow use, cultivation, growth, possession, or control of marihuana not in strict accordance with the express authorization of the Act and this ordinance; and, nothing in this ordinance shall be construed to undermine or provide immunity from federal law as it may be enforced by the federal or state government relative to the cultivation, distribution, or use of marihuana. Thus, the authorization of activity, and the approval of a license under this ordinance shall not have the effect of superseding or nullifying federal law applicable to the cultivation, use, and possession of marihuana, and all applicants and grantees of licenses are on notice that they may be subject to prosecution and civil penalty, including forfeiture of property.

§120.03 Legal Basis

This ordinance is enacted pursuant to the statutory authority granted by MCL 67.1 and 67.2, authorizing the Village Council to adopt licensing ordinances and regulations to secure the public health, safety and general welfare.
