Sec. 8.201. Findings and Determination of Necessity.

The City Commission finds that there are many non-residential buildings in the City which are poorly maintained and neglected by their owners. These buildings adversely affect citizens who own or occupy nearby buildings and dwellings by lowering property values and rental values. Many of these poorly maintained and neglected buildings have become so dilapidated that occupancy is no longer economically feasible. This increases the incidence of vandalism and fire. The City Commission finds that the elimination and prevention of these conditions is necessary and is in the best interest of the City and its citizens.

(Ord. No. 92-69, § 1, 10-20-92)

Sec. 8.202. Purpose.

The purpose of this Chapter is to maintain, preserve and improve the stock of non-residential buildings in the City. To accomplish this, this Chapter sets out minimum standards for the exterior maintenance of all non-residential buildings. In carrying out this purpose, it is the intention of the City Commission to exercise its full powers to protect the public health, safety and welfare, whether the powers so exercised are derived from the Constitution, State law or the City Charter.

(Ord. No. 92-69, § 1, 10-20-92)

Sec. 8.203. Definitions and Interpretations.

Certain words and terms used in this Chapter are specifically defined at the end of the Chapter. These words and terms are identified by underlining in the text of the Chapter and, when so underlined, these words and terms shall be given the indicated definitions. All other words and provisions of this Chapter shall be interpreted so as to eliminate or prevent the conditions set out in [Section 8.201](#).

(Ord. No. 92-69, § 1, 10-20-92)

Sec. 8.204. Applicability.

The provisions of this Chapter shall apply to any person owning, occupying, managing or controlling any non-residential property in the City as identified by this Chapter.
